

## Survey and Spatial Membership Renewals

Dear members

I am now well into my term as Chair of the Survey and Spatial New Zealand Board. I am pleased to reflect on the success of our annual conference and the work that is done by so many members for the benefit of all. Importantly, the Board is now shifting in response to the [Letter of Expectations](#) prepared by the S+SNZ Council. This will ensure that we are member-driven in all we do. The task of the Board now is to deliver on those expectations and that is what we are determined to do.

It is not just the voluntary effort that makes our organisation great. It does also take funds and, to that end your subscription invoice for the 2019-2020 membership year will shortly be sent to you. We very much value your continued support which in turn enables us to support our members to grow and contribute, making a real difference to New Zealand and New Zealanders.

In this coming year you can expect us to have a much better understanding of our members and how we can better deliver services to meet your needs. This includes defining professional pathways, delivering a rich calendar of events, and publications and resources to support members.

### Subscriptions for 2019/20 (excluding GST):

- Associate - \$415
- Voting - \$620
- Affiliate - \$260
- Overseas - \$250
- Retired - \$35.00
- Students - \$0.

Further information on the priorities will be expanded in the Business Plan that will be released in July and available on the website.

Regards

Daniel Williams  
Chair, S+SNZ Board
