

Licensed Cadastral Surveyor

About the Company

Fluker Surveying Ltd. are a small/medium sized surveying, engineering and planning firm based in Red Beach, New Zealand. The company was established in 1992 and has grown to become a trusted consultant in the Greater Auckland region, providing a diverse range of services to both the private and public sector.

We are experiencing increased workloads as a result of our efficient service and quality of deliverables, and as such require assistance to maintain our levels of service.

Culture

At Fluker Surveying we strive for success, take pride in our achievements, and enjoy helping our clients be successful with their projects great and small.

We are a friendly team of around 12 staff who enjoy a harmonious, family-friendly work environment in relaxed conditions. We operate a flexible work place with direct and easy access to all levels in our organisation.

We value our staff and encourage them to be innovative and to strive to be at the top of their field.

About the Role

We are looking for an experienced Licensed Cadastral Surveyor or Registered Professional Surveyor to assist us with a wide variety of surveying projects and a developing workload in the Auckland area.

Skills and Experience

- Current license to undertake Cadastral Surveys;
- At least three years of relevant post-licensing experience;
- Experience with Magnet/Civilcad and Landonline software (other survey software preferences will be considered);
- Ability to work independently and to handle responsibility;
- Good written and verbal communication skills;
- Think laterally to find solutions to tricky projects

You work will include:

- Liaison with clients
- Undertake Land Transfer, Set-out and asbuilt survey work
- Provide Civil engineering design and supervision
- Prepare Resource Consent scheme plans and consent applications

In return you will:

- Work in a beautiful part of Greater Auckland
- Avoid traffic at the front door
- Receive a competitive salary and company vehicle
