

NEED A CHANGE IN LIFESTYLE?

CADASTRAL SURVEYOR / GRADUATE LAND DEVELOPMENT ENGINEER Queenstown office

Due to increasing work opportunities we have further vacancies for New Zealand trained Surveyors and/or Land Development Engineers to join our busy Queenstown office. This provides an opportunity for practical, organised and experienced graduates or professionals to manage a variety of cadastral or land development projects within the Queenstown area.

All applications and enquiries will be treated in strictest confidence.

We are seeking highly motivated people who can exhibit the following attributes :

- Experience in NZ subdivision, cadastral and LandonLine environments, or
- 12d Model design and AutoCAD software, construction contracts and supervision
- Relevant Tertiary qualification
- Effective communication, collaboration and leadership skills
- Ability to think independently and manage projects with a high degree of autonomy.

We offer the following :

- A variety of interesting projects
- A friendly office
- Attractive salary and conditions
- Private medical insurance
- Ongoing professional development and support
- Employment in a vibrant and growing town.

Applicants for these positions must have experience in the NZ Cadastral system or New Zealand land development and be a NZ resident or holder of a valid work visa.

Applications close 24 January 2020. For more information, or to lodge an application, please contact:
