

LICENSED SURVEYOR

Mainland Surveying Limited is a small to medium sized company based in Christchurch offering a full range of surveying services in the residential, rural, commercial and industrial sectors throughout the Canterbury area. We run the latest Trimble survey instrumentation, including GNSS, Robotic and Scanning Total Stations.

With a wide range of projects and a growing work load we are looking for a Licensed Surveyor to complement team. Being a small team we operate a relaxed management style and take a flexible, collaborative approach where your opinion is sought and valued.

The required level of experience is flexible provided you have the right attitude, one which takes your work seriously but not to the point where you leave your personality at home and cannot have a laugh.

The ideal applicant will have:

- Experience in Cadastral\Engineering Surveying.
- Familiarity with 12d & Landonline.
- A New Zealand Licensed Cadastral Surveyor (although someone close to becoming licensed will be considered).
- A full New Zealand Drivers License.
- Client and delivery focus.
- Communication skills and a positive attitude.

This is a great chance to work for a friendly and supportive team with a competitive salary package.

If you are interested, please forward your CV to office@mainlandsurveying.co.nz or call Scott Williams 027 673 6265. All enquiries will be dealt with in strict confidence.
