

## QUALIFIED GRADUATE OR TECHNICIAN

Our South Taranaki District Office is seeking an experienced Survey Technician or Graduate to work in our busy Hawera and Stratford offices.

The role will mainly comprise of Rural and Residential cadastral surveying, in some interesting cadastral areas, plus some development projects and road surveys.

This is not a training role, so if you do not have cadastral experience, please do not apply.

You will work with another talented technician in the Hawera office, and the Managing Director in the Stratford office. You may also be asked to assist in our New Plymouth office, which has a number of land development projects.

You will be required to have these skills

- Be naturally friendly and communicative
- Be proficient in writing consents and understanding planning talk.
- Be 12D and Landonline proficient
- Have some project management skills.
- Be time efficient and productive
- Be self motivated, and use your initiative to manage workload and determine job urgency
