

## Survey Technician - Whangarei

Lands and Survey Whangarei is a multi-disciplinary surveying, planning and engineering company that has been providing services to the Northland region for over 30 years. We pride ourselves in putting people first with a focus on exceptional customer service and a great work environment.

Our Survey team is growing and we are looking to add a Survey Technician who already has some excellent technical skills and experience.

### Key requirements:

- Surveying qualification, ideally with >2 years of experience in the NZ surveying industry
- Ability to undertake engineering and cadastral surveys to industry standards
- Experience working with Leica and AutoCAD & 12d software
- Ability to pre-organise job requirements and pre-calculations; and keep clear records of job progress to input accurately into our project management software
- Excellent communication ability with our clients, your team and other disciplines across the company & beyond
- A positive, friendly, can-do attitude; be able to think on your feet and make fast decisions with a hands-on approach
- Experience in a safety-first environment
- Has the right to work in New Zealand

### On offer:

- Competitive salary package
- Usual tools of the trade incl phone and laptop
- Opportunities for training and development in a growing business
- Work with a fabulous group of skilled people in a professional, dynamic environment
- Work-life balance - we offer flexible working arrangements and have a family-friendly office.

If you have the relevant experience, a great attitude and are looking to reach your potential within a supportive company, please forward your application to [fiona@landsandsurvey.co.nz](mailto:fiona@landsandsurvey.co.nz) or call 0276688078 for an initial discussion.
