

Graduate Land Surveyor

Have you recently completed a Bachelor of Surveying (BSurv) and want to progress further in the Surveying profession within a supportive and experienced team?

BTW will offer ongoing support for you to become a Licensed Cadastral Surveyor and/or Geospatial Specialist.

Join our New Plymouth team and you will not only have a chance to put your education into practice, you will have exciting project opportunities to work on and be living in a region at the heart of some of New Zealand's greatest outdoor playgrounds that provides opportunities for genuine work/life balance. From our Directors to our Graduates, embracing ownership and making it happen in the workplace are rewarded with legitimate flexibility to cater to our active lifestyles. Alongside our professions, we are a team of surfers, kite surfers, fishers, equestrians, mountaineers, skiers, snowboarders, runners, cyclists, musicians, artists ... the list goes on.

Operating since 1973, BTW Company (BTW) is an innovative, solutions-focused group of Surveyors, Engineers, Planners, Environmental Scientists, UAV pilots, 3D Scanning Specialists, BIM and GIS experts. BTW's staff of over 70 professionals are leaders in their fields with unparalleled experience on projects, both in New Zealand and overseas. BTW's multidisciplinary teams operate from offices in New Plymouth and Hamilton.

BTW is looking to grow its Survey team and this is a great opportunity for you to be a valued member of staff. You will have access to the latest surveying equipment and technology including 3D Laser Scanners, UAVs, GNSS and Robotic Total Station equipment, and you will feel that your contribution makes a tangible difference.

We have a team of supportive experienced surveyors who will be able to introduce you to a range of surveying projects while supporting you to become a Licensed Cadastral Surveyor or Specialist in your preferred area of the Surveying profession.

As a Graduate Surveyor at BTW, you will need:

- A Bachelor of Surveying (BSurv) degree (Or about to complete);
- Preferably, some work experience related to surveying and land development;
- Ideally, some experience undertaking field work using relevant survey equipment including total station, level and GNSS;
- Ideally, some knowledge of AutoCAD, 12D, e-surveys and dataset preparation;
- Good spoken and written English and the ability to articulate issues and solutions.

BTW will offer you:

- Competitive remuneration and paid overtime;
- Flexitime which provides for an excellent work-life balance, so you can enjoy what the Taranaki region has to offer;
- A fantastic employee-led Training and Development Programme;
- An engaging Leadership Team who will support and nurture your career.

We welcome applications from a range of levels of experience. You may be just about to graduate or have some years of work or post-university life experience.

To submit your application or for further information about the role, please email vacancies@btw.nz
