THANK YOU!

I would like to send a big thank you to everyone who took time to complete the Member Needs and Satisfaction Survey that we recently conducted.

For those of you who did last year's survey, you may have noticed that some questions were repeated. By asking the same questions, we can get a measure of how we're doing from year to year in certain aspects. We will now analyse the results and use the data to improve our services to you.

I mentioned in my last message about a big project that was about to kick off and I'm delighted to announce the commencement of the certification project ...???....

We have the Positioning & Measurement and Engineering workshop coming up in April. I encourage you to take part in this important stream event. Previous attendees have found it provides a valuable platform for sharing technical expertise and ideas.

Ashley Church, CE

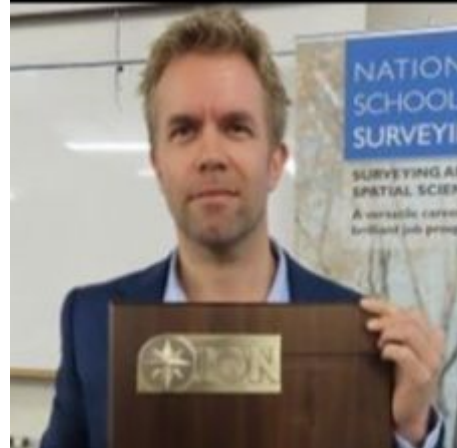

MEMBER ACHIEVEMENTS & CELEBRATIONS

We're congratulating two members who work at the University of Otago for outstanding achievements - Dr. Robert Odolinski and Dr Chris Pearson.

Earlier this year Chris led New Zealand's MFAT Head of Mission Fund project that supported Nepalese surveyors to measure Mount Everest for the first time!

2021 CONFERENCE - BUILDING BACK BETTER

S+SNZ ANNUAL CONFERENCE 2021

**BUILDING
BACK
BETTER**

4-5 AUGUST | AUCKLAND

After a break in 2020 - the conference will be back in 2021 and you won't want to miss it!

The successful S+SNZ 2019 Conference attracted over 300 delegates, signalling solid growth on previous years and we're hoping to do even better in 2021.

Held at the Cordis in Auckland, the 'Building Back Better' conference will focus on how we can come out of Covid even stronger and more resilient as professionals, businesses and as a sector.

So mark off the dates of 4 & 5 August this year!
