

Land Surveyor/Survey Technician

Land Matters deliver innovative property, community and environmental solutions.

Our business is customer centric, successful..... and we're growing.

We are looking for a Surveyor/Technician to join our busy team.

The successful applicant will have:

- Bachelor of Surveying (BSurv) or New Zealand Diploma in Surveying or New Zealand Certificate in Surveying
- Experience in Landonline plan generation
- Excellent CAD/12D proficiency
- Have NZ residency or a valid NZ work visa and preferably live locally on the Kapiti Coast
- Have a full NZ drivers License.

In addition to your technical skills, you will bring initiative, pragmatism, and common sense to the role. You'll be genuine, personable and approachable, and able to build relationships across the company and with our clients.

We need someone who is:

- Organised
- Solutions focussed
- A team player
- A good communicator
- MS Office proficient.

The application form will include these questions:

- Do you have a current New Zealand driver's licence?
- Which of the following CAD software do you have experience with?

To submit your application or for further information about the role, please email kat@landmatters.nz
