

GRADUATE SURVEYOR REQUIRED

Based in Warkworth, just north of Auckland, Buckton's have been surveying the rural and urban areas of the Rodney and Kaipara regions for over 60 years.

Development in the region, and within the company, means we are looking for an upwardly focused Graduate Surveyor. This opportunity will see you working as part of our team with a view to growing your skills, developing yourself professionally and obtaining all necessary practical experience required to obtain your cadastral license should you wish. Our licensed cadastral surveyors will be available to mentor you through this process.

Our varied workload means you be given the opportunity to diversify your skills across areas such as topographical, cadastral, engineering/construction set out, as-builts, UAV piloting, project administration or resource management planning.

A competitive salary package will be negotiated depending on qualifications and experience, and applications will be treated in confidence.

If you display the following skills, we would love to hear from you:

- Bachelor of Surveying - or heading for completion
- Excellent English communication skills
- Physically fit and with a practical mind
- Great time management skills and be motivated
- NZ residency
- Full, clean, NZ driver's licence

Interested? Then please send your CV and covering letter to surveyors@buckton.co.nz.
