

LAND SURVEYOR TECHNICIAN

ABOUT THE BUSINESS

- Multi-disciplinary and multi-cultural engineering consultancy firm founded more than 40 years ago.
- Offices in Whangarei, Auckland, Wellington and Christchurch.
- We are an evolving team of surveyors, designers, consulting engineers, project managers and support staff.

ABOUT THE ROLE

Further your own experience and move into a senior role by joining us in the delivery of some key Wellington projects. If you are looking to take the next step in your surveying career within a supportive and empowering team environment, this is most definitely the role for you.

YOU WILL POSSESS:

- Licensed Cadastral Surveyor - all levels considered.
- Great communication and report writing skills
- Excellent knowledge of AutoCAD and 12D software.
- Solid understanding of I surveying equipment and software.
- Demonstrate a wide variety of experience in subdivisions and land use consenting.
- Desire to work on high profile and complex land development/land use projects.
- NZ experience is essential but will look at returning Kiwis from abroad.
- Meet and support clients, providing solutions to enable their projects to be delivered.

SKILLS AND EXPERIENCE

- Ability to think independently and manage projects with a high degree of competency.
- Excellent communication and interpersonal skills.
- Strong CAD skills - knowledge of AutoCAD, 12D and Landonline.
- 5+ years' experience in land surveying preferred
- You must have a BSurv or other tertiary qualification in land surveying and be licensed to undertake cadastral surveys (or working towards it).
- Experience in using modern surveying equipment.
- Wanting to take a leadership and business development role.
- The ability to assess the district plan and offer land development planning support to the team, would be advantageous.

BENEFITS

- A flexible working environment
- Support/mentoring from Registered/Licensed surveyor and civil engineers in the company.
- Friendly family orientated office.
- Social events and focus on a healthy work-life balance.
- Support for ongoing professional development, training, mentoring and for cadastral licensing.
- The opportunity to be involved with a diverse range and scale of projects.

Apply now! If you would like to be an integral part of our, innovative multi-disciplinary firm, join us! Email your CV and cover letter to Maygan Holland through careers@coco.co.nz. All applications and enquiries will be treated in the strictest confidence.

Please note that you must have a valid New Zealand work or residency visa to be considered for this position.
