

Land Surveying Opportunities

- Technician, Graduate to Intermediate, & Senior Surveyor positions available
- Great team & work environment
- Move to the Manawatu & have more time to do what you love outside of work

If you're looking for an enjoyable and professional work environment where you'll be well supported in your technical and professional skill development, then Geoworks may be the right place for you.

Geoworks is an employee-owned consultancy with offices in Feilding and Levin delivering surveying, planning and engineering services in the Manawatu and Horowhenua, Kapiti regions. Our business is based on the simple principles of staff integrity, engaging innovation and expertise, and partnering with clients on their land project. We take pride in every aspect of our service delivery and business operation. We also really enjoy our jobs, and that comes down to an awesome team culture and work environment.

Geoworks is expanding and recruiting the following positions:

Senior/Principal Land Surveyor: Take a lead role in service and project delivery, which may include investigations & feasibility studies; topographical, cadastral & engineering surveying; consenting; subdivision engineering; construction supervision. If you have an interest in people leadership, there is scope to develop your skills in this area. Hold a Bachelor of Surveying qualification and have 5+ years' related experience.

Graduate to Intermediate Surveyor: Get involved in a wide range of surveying, consenting and engineering activities in support of land and site development, and develop your field-based and office-based survey and design skills, including use of 12D, Trimble and Leica. Hold a Bachelor of Surveying qualification and have 0-2 years (Graduate) or 2-5 years (Intermediate) experience.

Survey Technician: Get involved in a variety of field survey work in support of land and site development. This includes boundary location, topographical site survey, construction set out and as built. Hold a Surveying or Engineering qualification at Diploma level or higher and have 3+ years related experience.

In addition to a great team and work environment, you'll enjoy the benefits of a more rural and relaxed, outdoors lifestyle with high quality, affordable houses, and first-class schools.

Click Apply to register your interest or contact Lisa Hulley on 027 688 8831 to find out more.

Geoworks has engaged Peak Recruitment to manage the recruitment of this position. Please direct all enquiries and applications to Peak Recruitment.
