

Building back better in 2021!

2020 was a tough year for professional organisations like Survey and Spatial NZ. Covid 19 impacted on not just the way in which we worked, but the confidence with which we were able to face the future. It was hard to plan in the face of uncertainty and many organisations just went into a shell for 12 months and waited it out.

Fortunately, that's mostly behind us now and we're very much in growth phase as an organisation as we look to 'build back better'. We've just signed off on a plan for 2021/22 which includes new projects, new programmes and an increase in our capacity to deliver to members through the creation of a couple of extra roles.

We're also looking to further bolster our advocacy, marketing and professional development activities and have some exciting initiatives to be launched, soon, including the Certification project, an Emerging Leader's Programme, the refreshed Awards programme and a great Conference to name a few.

Most of this will be funded by realigning our spending and through the increased support of our amazing commercial partners – but we're also introducing a small 5% increase to all membership types this year, something that you'll notice when we invoice you (or your employer) for the 2021/22 membership year in a few weeks time.

Thanks for your continuing support.

Ashley Church, CE

EARLY- BIRD CONFERENCE REGISTRATION IS OPEN

The conference is shaping-up to be a great event this year judging by the response so far. You can still register with the Early-Bird rate of \$1200+gst. This great early-bird fee won't be extended past 5pm on Friday, 9 July, so [register here](#).

The feature-packed programme themed *Building Back Better*, has a number of keynote sessions which will be delivered by industry experts and influencers. Registration numbers so far see the event also offering superb networking opportunities.

The [programme](#) offers a number of specialised workshop sessions designed for our respective streams with presentations from knowledgeable speakers making sure their presentations are relevant as well as assisting with appropriate responsiveness to industry and society changes.

The Awards evening will feature a number of Awards including McRae Supreme Award, Bogle Young Surveyor of the Year, Stream Awards for Professional Excellence and the Professional Exam Awards.

[Register Here](#)

Once you have purchased your ticket, you will be sent a link to complete the online Registration Form in your Event Confirmation.

WHERE & WHEN

The conference is being held on 4-5 August at the Cordis Hotel in Auckland. If you have any queries, you can email our Events Manager, jenny@surveyspatialnz.org

MEMBERSHIP RENEWALS COMING UP

Membership invoices will be sent out to all members in early July. We are once again offering organisations with several members the option of one company invoice rather than individual invoices. If your firm would prefer this option please email admin@surveyspatialnz.org.

2021 AWARD NOMINATIONS CLOSE NEXT WEEK 30 JUNE

The refreshed awards programme will recognise and help us to celebrate excellence and success amongst our members. Please take time to enter the awards. Nominations close 30 June and you can access the online nomination forms on the [Awards and Honours web page](#).

KAIRŪRI COMMUNITY TRUST 2021 SCHOLARSHIP OPPORTUNITY

Final year students have till 30 June to get their applications in for the 2021 KCT scholarship. This is open to final year students enrolled in a surveying, spatial or GIS related course at a NZ university or other tertiary institute who are New Zealand citizens or permanent residents. This is a great opportunity to receive the following

- A \$2500 cash award
- Registration to attend the 2021 S+SNZ conference in Auckland including travel and accommodation costs
- A five minute slot to present your winning submission at the conference
- Connection with a conference 'buddy' from the local branch's Young Professionals group
- A 30 minute session with major sponsor GSI Insurance Partners re planning for the future
- Student membership of S+SNZ if you are not already a member.

Applications are open from 1 June 2021 until 30 June 2021.

REPRESENTATIVES FOR FIG COMMISSIONS WANTED

We are looking for S+SNZ members to become representatives on FIG Commissions 1-6. This is a rewarding role that gives participants the opportunity to interact with other survey and spatial professionals and to lead and influence work on an international stage. S+SNZ already enjoys a high profile with FIG, which was in part strengthened by the 2016 FIG Working Week held in Christchurch. Being a member of a Commission requires a commitment to be an active participant in various Working Groups - these are formed by each Commission. Most of the planning and work takes place during the international FIG Working Weeks however attendance at online meetings for various initiatives may also be required. The Commissions are:

[Commission 1 – Professional Standards and Practice](#)

[Commission 2 – Professional Education](#)

[Commission 3 – Spatial Information Management](#)

[Commission 4 – Hydrography](#)

[Commission 5 – Positioning and Measurement](#)

[Commission 6 – Engineering Surveys](#)

[Commission 7 – Cadastre and Land Management](#)

[Commission 8 – Spatial Planning and Development.](#)

For more information about the FIG Commissions and their activities see [FIG Commissions](#).

To register your interest in joining a Commission please email admin@surveyspatialnz.org

eWORKING WEEK 2021 20-25 JUNE

TOITŪ TU WHENUA LINZ CONTACT CENTRE SERVICES

LINZ has advised that extra people have been assigned to its contact centre to help meet customer demand. The contact centre has recently been experiencing delays of half an hour, sometimes longer and they appreciate their customers' patience and apologise for any inconvenience.

The actions they've taken have already reduced wait times, and they expect services to continue to improve over coming weeks. Updated information about call wait times is [here](#).
