What's it all about?

What is it all about?

- 1 To ensure the continuity of service and integrity of property information
- 2 To improve ability to add new functionality customers are waiting for
- 3 To improve ability to integrate Landonline and its data with other information sources

Can you get involved?

What is coming up?

Short and Long Term Priorities

Phase 1: Get off the existing system

Phase 2: Do cool stuff

Other Legacy Landonline changes

Improvements are still being made to Legacy Landonline:

- Updates to replace out of support software
- Changes required to support transition to the new platform
- New rules
