

NATIONAL SCHOOL of SURVEYING UNIVERSITY of OTAGO

About us/Mō mātou

We are the University of Otago School of Surveying - recognised nationally and internationally for the quality of our graduates and the impact of our research. The School supports a comprehensive undergraduate programme in Surveying and Spatial Science leading to the Bachelor of Surveying, BSc or BAppSc. We mentor students who conduct excellent Honours, MSc, and PhD research. We aim to deliver globally relevant teaching and research, that makes a difference here in Aotearoa New Zealand.

The role/Te mahi

We seek a new full-time, permanent academic colleague with expertise in Surveying/Geospatial Science, to appoint as either a Lecturer or Professional Practice Fellow.

In this role you will contribute to the School's excellent teaching and learning culture and to our diverse research and professional profile. You will be responsible for:

- Teaching Surveying/Geospatial Science in at least two of the following subject areas: Plane and Engineering Surveying, Cadastral Surveying, Survey Mathematics, GNSS and Geodesy.
- As a Lecturer, growing an active research programme, publishing in high-quality peer-reviewed journals, obtaining external funding and supervising research students.
- As a Professional Practice Fellow, maintaining an active and forward-looking professional profile, and strong connections with the surveying profession in Aotearoa New Zealand.
- Contributing to the effective and efficient running of the School to meet its responsibilities within the University and wider community.
- Contributing to support of the University's Māori, Pacific, Equity and Diversity and Sustainability strategic frameworks.

Skills and experience/Kā pūkeka me kā wheako

Lecturer:

- PhD in an appropriate discipline.
- Active research portfolio, as evidenced by a high quality publication record.

Professional Practice Fellow:

- BSurv or relevant BSc and relevant professional surveying experience, post-degree.
- Leadership experience and a record of accomplishment across two or more S+SNZ professional streams, delivering excellent outcomes for diverse clients.
- Enthusiastic and effective teacher and mentor in Surveying/Geospatial Science.
- Collaborative, collegial and inclusive approach to teaching, research/practice and service.

Collaboration and collegiality are important values in the School and we seek a colleague who will both enjoy and enhance our cooperative work environment. We are committed to equity and we value the benefits that diversity brings to our work and our community. We particularly welcome applications from candidates with knowledge of mātauranga Māori and other indigenous knowledge systems, and experience with diversity and inclusion initiatives.

Further details/Pūroko

The University of Otago is New Zealand's oldest university. It is a leader across all fields of academic endeavour, offering undergraduate, postgraduate and professional programmes in the sciences, health sciences, commerce and humanities. Our Dunedin campus is ranked as one of the most

beautiful in the world and the city offers a great array of activities, ranging from arts and literature to outdoor adventure.

In addition to research and teaching excellence, the University of Otago is committed through its Strategic Direction to local, national, and international betterment; strong external engagement; sustainable capability; and providing outstanding and unique student experiences. We are committed to furthering the aspirations of Māori and of communities across the Pacific.

This is a permanent, full-time position.

This is a unique opportunity for an energetic, creative and committed individual to make a significant contribution in their chosen discipline while being well supported by a collegial and dynamic School and University.

You must have the right to live and work in New Zealand to apply for this position.

Application/Tono

Applicants should supply:

- A cover letter addressing the following three criteria:
- active research programme in Surveying/Geospatial Science OR innovative professional and leadership profile in the Surveying profession with potential to grow at Otago;
- excellent teacher and communicator with a strong commitment to teaching, mentoring and (in the case of the lecturer role) research supervision at both the undergraduate and postgraduate levels; and
- collaborative, cooperative and inclusive approach that supports mātauranga Māori and embraces multiculturalism.
- A CV of no more than six pages (we may ask for longer ones from shortlisted candidates).
- Names and addresses of at least three referees.

To submit your application please click the apply button. Applications quoting reference number 2102603 will close on Monday, 28 February 2022.
