### **Fancy a change of pace and a balanced lifestyle, away from the rat race of the big city?**

In Dunedin, you have time for life and the convenience and enjoyment that living in a small, yet thriving city affords.

The local geography, coastline, and culture make it a mecca for water sports, rock climbing, hiking, surfing, mountain biking and a vibrant café scene, all of which are right on your doorstep.

It is also the gateway to Central Otago, so weekends in the mountains are just a couple of hours drive away.

### **Opportunity:**

We have an exciting opportunity in our Dunedin office for an experienced Survey Technician, Graduate Surveyor (NZ qualified), or Licensed Cadastral Surveyor (NZ qualified) to work within our team delivering all aspects of land development and surveying for a wide range of projects. The role will provide hands on experience and project ownership, managing projects from start through to completion, and providing the opportunity to develop key relationships with clients.

### **What we are looking for:**

- ◆ Easy going and social nature that will add to our team culture
- ◆ Great communication and be able to work as part of a wider team
- ◆ Experience with 12d (not essential)
- ◆ Experience with Trimble or Leica survey equipment (not essential)
- ◆ Ability to provide a high-quality service to our clients

### **What we can offer you:**

- ◆ A social and supportive working environment
- ◆ Great work/life balance with flexible hours and ability to work from home
- ◆ Exposure to interesting and unique projects
- ◆ A salary package that is attractive and targeted at the experience and potential of the applicant (including phone and laptop).
- ◆ Modern survey equipment (Total Station & GNSS) and surveying software.
