

LICENSED CADASTRAL SURVEYOR

ABOUT US

Civix Limited is a growing planning, engineering and surveying consultancy of 65+ employees located in the Auckland CBD. We pride ourselves on the qualities that each person brings to our team and are always keen to hear from outstanding individuals that would be a good fit for our innovative, multi-disciplinary firm.

This is an excellent opportunity to be a key player in a dynamic company, working with a great team that are passionate about people, technology, efficiency, and delivering exceptional results for our clients.

The role also offers the opportunity to broaden your understanding of the development process in a supportive environment whilst working alongside key project partners.

We are seeking expressions of interest from Licensed Cadastral Surveyors at all levels – whether you are newly licensed or have years of experience. If you are newly licensed or come from a background outside of land development then we had an experienced team to help guide you as you build your skills.

The successful applicants will have the opportunity to join an enthusiastic team delivering a variety of land development and infrastructure projects primarily within the wider Auckland Region.

THE IDEAL CANDIDATE WILL POSSESS

Licensed Cadastral Surveyor

- Bachelor of Surveying
- Current Cadastral License (any level of experience)

THE OPPORTUNITY

- Play a leading role in subdivisions projects ranging between 2 – 400 lots, or working through complex multi-use developments.
- Apply your skills in a wide variety of applications while working within a supportive and striving team environment.
- The opportunity to build client relationships and your own team to become a key player within the business.

WE OFFER

- A flexible working environment including work from home opportunities.
- A fun, friendly and engaging office environment with regular company events.
- Support for ongoing professional development, training and mentoring.
- Involvement in a diverse range and scale of projects.
- Use of new modern Leica equipment, modern vehicle fleet and a full suite of latest surveying software.
- Above market salaries and internal promotion opportunities – salary expectations of \$120,000 – \$180,000 (depending on experience).
