

**LICENSED CADASTRAL SURVEYOR**  
**GISBORNE / EAST COAST**

We are looking for a Licensed Cadastral Surveyor to complement our very busy practice.

Grant & Cooke Surveyors is a well established and well respected surveying firm dating back to the late 1800's. We have a large established clientele and extensive depth of experience in our firm.

Along with the usual GPS, Total Station gear and drone, we use 12d, Bricscad and document management software Ferret. We have spacious air conditioned offices with plenty of off street parking.

You will enjoy a convivial atmosphere at Grant & Cooke along with support from a very experienced team.

Gisborne has an enviable lifestyle - magnificent surf beaches, great weather, and no traffic jams – well, apart from the 5 minute rush hour!

This is a great opportunity to become part of an iconic East Coast survey firm who enjoy a wide variety of work.

I look forward to hearing from you.

Salary by negotiation.

Please send application and CV to:
