

# Team Leader Geospatial Information Services (GIS)

**Here at Environment Southland we actively enhance the experience of living and working in a sustainable region and our employees experience this first hand**

We currently have an exciting opportunity for an experienced person to lead our GIS team. If you are looking for a job with lots of variety, have great leadership and mentoring skills and the ability to manage and develop Environment Southland's geospatial data, this is the role for you.

**The job requires:**

- at least five years' experience in a similar role;
- the ability to engage and inspire a team of skilled GIS analysts;
- a relevant tertiary qualification;
- good analytical and problem solving skills;
- knowledge and experience in the use of ESRI GIS software applications, concepts and methodologies.

Here at Environment Southland we actively enhance the experience of living and working in a sustainable region and our employees experience this first hand:

Beaches, ski fields, 4 out of 10 of NZ Great Walks, national parks, lakes and fiords are all a short journey from Invercargill. Combined with reasonable house prices, short commutes and a relaxed pace of life, it all makes Southland a great place to live and work.

**We also offer:**

- flexibility to manage hours
- challenging and interesting work
- a positive and supportive work culture
- a close-knit and caring community

If you are a great leader who can work enthusiastically and collaboratively to deliver our varied work programme, go to <https://environmentsouthland.recruitmenthub.co.nz/Vacancies/> to apply and upload your CV and cover letter. Your cover letter will be a key part of our assessment process, so please highlight how your experience relates to the key skills required for this role.

An initial offer of remuneration will be made within the range \$85,000-\$95,000.

Applications close **Sunday 10 July 2022**
