

Harrison & O'Sullivan Ltd

LICENSED CADASTRAL SURVEYORS • LAND DEVELOPMENT CONSULTANTS

We are seeking a Graduate Surveyor or Experienced Survey Technician to join our busy team here in Whanganui.

Who we are.

- We are a long-established company, offering a range of surveying, planning and land development services both in the urban and rural environment.
- We enjoy a significant role in shaping the future of our expanding city and pride ourselves in providing a professional and personable service to an increasing range of clients.

What can we offer.

- To be part of a supportive and caring team but encouraged to work independently.
- Competitive remuneration and professional development opportunities.
- Flexibility to support you as a working parent.
- The use of modern equipment and technology.
- A great but affordable place to live. See for yourself at [Whanganui is the perfect place to visit, stay and to live. \(discoverwhanganui.nz\)](http://discoverwhanganui.nz)

Your work will include.

- Assistance with the preparation of resource consent applications from initial site survey through to scheme plan preparation.
- A broad range of Land Transfer Surveys in both the rural and urban environment.
- Topographical and engineering surveys.

You will need the following.

- At least 2 years NZ experience with appropriate qualifications.
- Good working knowledge of 12d software and Landonline.
- Effective communication skills and a willingness to make a positive contribution to a team environment.
- A good attention to detail with the ability to produce accurate work in a timely manner.
- An ability for critical thinking.
- New Zealand residency or a valid New Zealand work visa.

You would describe yourself as being reliable, enthusiastic, and friendly.

If this sounds like you, please send us your CV and covering letter to Diane at admin@nzsurveyor.co.nz
