# Surveying Team Leader

We have a very exciting opportunity for the right person with the right skills to join our Company to lead our Surveying team in providing the best quality services for our existing Clients and to further build our Client base. The right person will have exceptional visionary, people management and project management abilities as well as sound surveying services skills. If this sounds like you, we welcome your application.

## **You are the right person if you possess the following:**

- Proven success as a team leader including building successful Surveying Teams and developing their professional capability
- A rock-solid reputation and track record as a Senior Surveyor and Project Manager with exceptional client and outcome focus
- Applied and progressive knowledge of Surveying/Engineering Surveying and Land Use/Land Development in New Zealand
- A desire to work on significant projects and help our Clients realise their dreams
- An understanding of the collective power of team work
- A positive can-do professional attitude
- A sense of humour and the ability to 'think inside and outside the square'
- The ability to balance the challenge of managing multiple projects and their milestones while developing a team and

## **Your opportunity:**

- Genuine and exciting opportunities to advance your career; significant support for professional development
- A wide range of projects of varying size and complexity
- The opportunity to bring your ideas to the table and build a Surveying Team within a highly cohesive and reputable Company
- The fabulous Bay of Plenty lifestyle
- Competitive remuneration package.

**Applications close 28 September at 5pm** if you have any questions about the role please contact Janene Cowles – 07 577 6069 or if you would like to be considered please forward your cover letter and CV to Vanessa Coster – [vcoster@sltga.co.nz](mailto:vcoster@sltga.co.nz)
