

February 2019

Part Time or Full Time Senior Resource Planner position available.

WHY WE DO WHAT WE DO

We love helping people and developing our region, that is why we do what we do.
We work in one of the most lucrative industries where no two days are the same.
We assist to leave a positive and lasting legacy for our clients.
We deal with and resolve problems on a daily basis in a profession that impacts our economy.
We facilitate people into investments.
We help individuals and families grow their wealth and plan for retirement.
We work in the land development profession.
We offer support towards your professional development.
We offer access to a wide range of interesting and complex projects (small to large scale projects), including assisting in the project management of subdivisions.

WHAT ABOUT YOU?

An opportunity has arisen to join an established and successful family business for you to establish a career and with the possibility to be in business in the future.

- Strong planning skills with the ability to work with Surveyors, Engineers and other professionals to facilitate good environmental and development outcomes for the activities undertaken by our wide client base
- A recognised degree in resource management planning along with minimum 2 years work experience to be eligible for full membership of the New Zealand Planning Institute
- Prepare, deliver and process quality Resource Consent applications
- Be able to give RMA due diligence and feasibility advice
- Experience in preparing expert planning witness at resource consent or regional /district plan hearings an advantage.
- Experience in facilitation and negotiation
- High level of professional interpersonal skills with the ability to achieve high quality development results
- Preferably a thorough understanding of the regulatory environment of the Lower North Island and in particular the Manawatu area
- A strong understanding of resource management planning requirements in the area of subdivision and to a lesser extent for water resources and contamination issues in New Zealand
- Experience managing and assisting with resource consent applications and AEE reports.
- Ideally you will also have experience in complex land use consents, and in preparing planning evidence and presenting at Council/Court hearings.

WHO ARE WE?

Pirie Consultants Ltd is part of a consortium with associates in Palmerston North and Wellington which enables us to provide our clients with a comprehensive service for all Land Surveying, Civil, Structural and Environmental Engineering Design, Setout and Supervision of Construction, and Consultancy Services for Resource Management, Planning and Development work. This has enabled us to build a close working relationship with other professionals, Local Authorities, Government agencies, contractors and builders to service their requirements. <https://goo.gl/CNdb6z>

Due to the growth of our company, Pirie Consultants require a **Resource Consents Planner** to assist our growing Planning & Subdivision Management division.

In this role you'll be responsible for providing technical advice, securing resource consents for clients, and assisting in the implementation of subdivision consents. You will be able to utilise your planning skills and your understanding of the RMA, local Council's District Plans, amendments, appeals and associated legislation, in a fantastic team working with great people.
