

# SENIOR SURVEYOR - CHRISTCHURCH

---

An exciting opportunity exists to join our Christchurch Office as intermediate to senior Surveyor, through the growth in our client base. Inovo Projects are involved with some of the biggest development projects in the South Island, in a variety of sectors including; irrigation, tourism, commercial, residential and infrastructure. Our clients range from Co-orporate, Government, Local Government and the Private Sector.

Inovo Projects is not your traditional multi-disciplined company. We pride ourselves on innovative approach customised for our clients. With a team of over 45 we provide specialist professional services in the disciplines of; Project Management, Project Planning, Resource Management Planning, Engineering and Surveying for our clients from our modern Christchurch and Auckland offices.

The candidate should ideally be:

- An experienced New Zealand licensed Surveyor, Graduate or a Technician
- Familiar with Landonline and 12D software
- Have Good communication skills
- Able to work Independently and Organise Work Programs
- Proficient with field work techniques for GPS and Total Station work
- Have a Reasonable Knowledge of the RMA and Planning Processes
- Familiar with Engineering Design and Contract Management

Work tasks include:

- Cadastral Surveying
- Multi-lot Developments
- Topographical Surveying
- Project Management of Jobs
- Engineering Design and Construction

There are significant opportunities to expand the existing work base for the successful candidate. To find out more please contact Peter McAuley on DDI 03 353 4149.

Please email your CV to [careers@inovoprojects.co.nz](mailto:careers@inovoprojects.co.nz) or call Peter McAuley for further details on 03 353 4149
