## ADVOCACY

### IMPORTANT HEALTH AND SAFETY INFORMATION - Five Ways to Wellbeing at Work

Work environments can have a negative impact on mental health. Workplaces have a legal responsibility under the Health and Safety at Work Act 2015 to manage risks to mental health and wellbeing just like they do any other health and safety risk. A new toolkit to support New Zealand workplaces and their people to flourish was launched last in October by the Mental Health Foundation (MHF) and Health Promotion Agency (HPA).
